# About Designer Homeworks.

Your home deserves both good design and technical efficiency, especially when it comes to its conservatories, doors, windows and bathrooms. That is why our installations are made to be aesthetically pleasing, and to deliver exceptional levels of thermal insulation and security.

Not just quality conservatories, sunrooms, doors and windows, we also fit and supply bathroom installations with a complete showroom next to our Bangor main hub. So whether it's a small bathroom for an apartment, or a large bathroom in a family home, we can design and install a suite of fixtures, fittings, tiles and furniture that not only look amazing, but also will work for many years to come.

## Bespoke Professional Installations 'From Design To Fit, We Take Care Of It'.

# Northern Ireland Conservatories.

We have been installing high quality conservatories for over 26 years.

Victorian Conservatories

Garden Rooms

## Sunrooms, Porches & Garden Rooms.

### Sunrooms

A Sunroom is a cost-effective way to add virtually maintenance-free space to your home, and without the added expense of building an extension. Sunrooms differ from other styles of conservatory as they have traditional tiled or slate roofs.

Designer HomeWorks Sunrooms exhibit excellent thermal qualities which will protect you against the sun during the summer and retain heat in winter.

### Porches

Transform your doorway into a grand entrance. There are many benefits to having a porch designed by Budget Designer HomeWorks. A porch provides extra space which can have many purposes like for hanging up coats, storing shoes, or enclosing your electricity or gas meter.

How you choose to use yours is of course entirely up to you, however, we are sure you will agree, a modern porch can give a property facade a fresh new look.

# Doors & Door Types.

We supply and install a wide range of doors across Northern Ireland.

Your front door contributes greatly to the character of your home and it is a key part of the public face you present to the world. So the style of door that you choose is a chance for individual expression, to create something unique.

PVCu Doors

Casement Windows

Shaped Windows

Aluminium Windows

## Bathroom & Shower Room Installation.

Whether you are looking as easy access wet room, small bathroom, walk-in shower or perhaps your project requires additional building work like knocking out walls, or moving boilers etc, we offer a one-stop shop design and fit solution to suit your individual needs.

Bathrooms come in many shapes and forms. Some are designed to be leisurely and luxurious; some to be functional and efficient. In either case, it's important to remember that your bathroom is a place where you can really relax after an exhausting day and pamper yourself in a haven of peace and solitude.
